TOTAL	33	$28,160-$30,690*	$1,250**	$29,410-$31,940*

*Tuition costs are based on 2017-18 tuition. Tuition can be expected to rise about 3.5% per year. Tuition for elective courses can vary depending on which electives are taken. Up to 6 credits can be taken from partner organization courses at a lower cost per credit. Many of our graduate students are able to lower the total cost of tuition through scholarships, elective choices, and transferring applicable graduate credits.

** Books and materials are not included in the course fees for these courses. Students will be expected to purchase any required course materials and books, which typically do not exceed $50 per course.
