\* This chart shows a typical means toward completing major requirements, but is not the only means; students should work with their advisors to plan out their program in a way that meets their goals.

\*\* College General Education requirements not on the chart: Students should talk to their advisor about taking Foreign Language and Foundations of Human Learning courses (F1, F2, F3, F5, F6, F8). A minimum of 120 Credits is required in order to graduate. 150 Credits is required to take the CPA exam.

<sup>1</sup> Or other placement. If placement is higher than Math 111, take Math 122 to fulfill the math foundation instead.

<sup>2</sup> Or other placement.
