

AGREEMENT BETWEEN EDGEWOOD COLLEGE AND UW COLLEGES

June 23, 2011

Students who receive an Associate of Arts and Science Degree from one of the University of Wisconsin Colleges campuses or the University of Wisconsin Colleges Online Program will be considered to have fulfilled all of Edgewood College's General Education requirements except COR 2, COR 3, World Languages, and Religious Studies (R). All requirements except COR 3 may be met by previous coursework. COR 3 (which is typically met in the major) must be taken at Edgewood College.

A maximum of 60 credits may be transferred from all combined coursework earned at two-year institutions, including two-year UW college campuses and UW Extension coursework. Only courses passed with a grade of "C-" or "CD" or better will be accepted for transfer credit.

The student must earn the general residency requirement of a minimum of 32 semester credits at Edgewood College, including required work in the major. This policy applies to the General Education curriculum only. Each academic department or school will determine the acceptability of transfer courses to the major or minor and the number of Edgewood College credits that must be earned in the major or minor.

All Academic work on the college level and of a liberal arts nature undertaken at UW Colleges and successfully completed with a grade of "C-" or "CD" or better, will become part of the student's permanent record at Edgewood College. Official transcripts of such work must be presented at the time of application for admission. Grades from transfer courses will be recorded on the transcript but will not be included in the Edgewood College grade point average; however, grades from accepted transfer courses will be included for the purpose of calculating graduation honors.

This policy does not apply to students who enrolled at Edgewood College prior to attending these institutions or who start taking courses at Edgewood College prior to finishing their Associate Degree.

This agreement shall be reviewed, adjusted, continued, or terminated at any time at the consent of the two institutions. Consideration may be given to changes in specific items at any time during the partnership of the two institutions.
