CELEBRATING OUTSTANDING STUDENT ACHIEVEMENT

**Justice Award for commitment to
“A Just and Compassionate World”**

This award is open to Sophomores, Juniors and Seniors based on their commitment to justice on campus or in the larger community. For nominations, it is suggested that students have a cumulative GPA of at least 3.0, and be in good academic and judicial standing. (Call the Academic Dean’s Office for GPA verification.)

Since there is no one way to define outstanding commitment to justice, the selection committee suggests that some of the following criteria be used as a guide for nominations:

- ★ responds to basic human and systemic challenges that require social action and change
- ★ promotes a culture of respect, access, inclusion that embraces differences and contributes toward the dismantling of “isms”: e.g., racism, able-ism, heterosexism
- ★ creates multicultural programs or promotes multicultural education, including activities that celebrate diverse perspectives
- ★ facilitates constructive dialogue within the community or engages with partners or communities off campus to promote justice
- ★ demonstrates knowledge of and commitment to sustainability of the environment
- ★ promotes non-violent alternatives and conflict resolution to achieve social justice
- ★ thinks and acts on the global and/or local level for the common good

Up to five students will be selected for awards. At least one recipient will be recognized for leadership in matters relating to diversity. The selection committee will include representatives from the Student Affairs and Diversity committees, and other campus members.
