Madison, Wis. (March 8, 2018) – Issues of social justice and engagement around important questions facing our communities are at the center of what it means to be an Edgewood College student. At Edgewood College we remain committed to the idea that all may speak their truth for the benefit of the wider community. Students at Edgewood College are encouraged to use their voice so that others may better understand perspectives that might differ from their own.

Edgewood College supports the right of any student to engage in civil discourse and dialogue, including peaceful protest. Participation in such activities, and sanctions that may or may not result from those activities, will in no way jeopardize the status of admission for any student at Edgewood College.
