- An increased capacity to initiate, develop and sustain high functioning groups
- New lenses for diagnosing the stages and phases of group development
- An expanded repertoire of practical facilitation tools
- Understandings of when and how to engage groups in dialogue and discussion, the limitations, forms and values of each
- Skills to move groups beyond consensus to common focus
- Ways to value and use dissension, argument, and conflict
- Strategies for keeping group members on track, on topic, energized and resourceful
