# CUTTING EDGE PRE-COLLEGE 2026 SUMMER PROGRAM

The Cutting Edge Pre-College Summer Program provides participants exposure to an overnight college experience.

During the Pre-College Summer Program, students attend classes about safety in the community, health & well-being, employment, and college academic success. They will also have the opportunity to experience the Madison community. Up to 20 participants will be accepted.

## PARTICIPANTS WILL...

- Learn about self-determination and goal setting
- Practice safety habits in on-campus and off-campus settings
- Build social connections with peers
- Discuss ways to maintain health and wellness in a campus setting
- Acquire knowledge about legal rights for accommodations

## THIS PROGRAM IS FOR

This overnight program is for high school students with intellectual and developmental disabilities who are 16 to 21 years old and have a desire to go to college in the future.
